DETAILED ACTION

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Carmen B. Patti on February 20, 2004.

The application has been amended as follows:

Cancel Claim 29.

In Claim 19, line 2, delete "a first surface having",
and insert – a first wafer having--.

In Claim 19, line 3, insert – of --,
between "first surface" and "the first wafer".

Allowable Subject Matter

Claims 18-28 are allowed.

The following is an examiner's statement of reasons for allowance: The closest art known to the Examiner is listed on the attached PTO 892 form. None of the

Therefore, Claims 18-28 are allowed over the cited prior art. Divisional Application, now US Patent No. 6,610,582 is merely cited to show the state of the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
